Honorable Judge in District Court

MITCHELL R. ELFERS
CLERK

I, Phillip B Salazar do swear
under oath that the following statements
are true about Curry County Adult Detention
Center. Extremely terrible and hazardous
living conditions in Delta Pool.

1. Heater has not worked since the
beginning of winter until current
date.
2. Possible asbestos in air shafts
and vents.
3. Black mold caused by leaking toilets
in cells 106-101.

All bad situations for our health
and environments in ~~Delta~~ Delta
Pool causing severe headaches, fatigue,
stomach aches, nausea, shortness of
breath, pain in lungs, loss of
appetite, dizziness, strokes and seizures,
and heart attacks. Five inmates
already have been to the hospital to
be treated for these symptoms.

I am asking for relief from your
courts to investigate all the
grievances listed above. We are looking
to send the conditions here to "Larry
Banker Investigates" Action 7 news.

I am acting as my own attorney in seeking some sort of relief or possibly an investigation. We have already made conditions, and grievances known to Warden Gallegos via C.C.D.C. grievance forms, and had our original letters we from Delta Pod had intended to send to your courts confiscated by LT Centeno.

I Phillip Salazar am indigent and are hoping this could be filed your courts as a free process.

Please look into these allegations at hand for the "Inmate Rights Act".

Respectfully Submitted
